Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. filehosting provides an easy possibility for you to send large files to your friends. Simply upload your file and share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents, images, zip files and more).Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. The cost of that data transfer is covered by your internet service or the data plan on your phone. It isalso allowed to link to the download page from websites and communities. Our service is completely free for everyone. Unfortunately, we can't make that partfree. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You don't need any special software installed to be able todownload your files. Using file, you can circumvent those limits without paying to upgrade your team chat service. We have no file size limit. There are norestrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private, or sendyour download links only to friends or family. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with your friendsand we send you a download link to your file. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. So try our freeand simple filehosting service now. You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs,forums and social networking sites. No account or credit card is required to get started. You can give this download link to your friends by mail or instantmessenger. Any file in any format can be uploaded and downloaded for free.
