Maybe even better than free.

Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. Files can be downloaded from any computer from our high speed servers. It is also allowed to link tothe download page from websites and communities. You can give this download link to your friends by mail or instant messenger. No account or credit card is required to get started. Unfortunately, we can't make that part free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download linkto your file. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibilityfor you to send large files to your friends. So try our free and simple filehosting service now. Using file, you can circumvent those limits without paying toupgrade your team chat service. Our service is completely free for everyone. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Keep your files private, or send your downloadlinks only to friends or family. If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with no gotchasand no hidden fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You don't need any special software installed to beable to download your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. Simply upload your file and sharethe link. Any file in any format can be uploaded and downloaded for free.
