Maybe even better than free.

You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. No account or credit card is required to get started. You don't need any special software installed to be able to download your files. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees. Simply upload your file and share the link. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Files can be downloaded from any computer from our high speed servers. Our service is completely free for everyone. Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device.

We have no file size limit. You can upload any type of file (movies, music, documents, images, zip files and more). This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. It is also allowed to link to the download page from websites and communities. Just uploadthe file you want to share with your friends and we send you a download link to your file. Keep your files private, or send your download links only to friendsor family. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files thatcan be transferred within their apps. Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. If only we could, we surely would! On the other hand, using file can actually save youmoney. You can give this download link to your friends by mail or instant messenger. There are no restrictions on the number of times a file can bedownloaded. The cost of that data transfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you tosend large files to your friends. So try our free and simple filehosting service now.
