The game opens with Captain Toad and Toadette ascending a tower together to claim a Power Star. The game is set to be released by Nintendo for the Wii U plot. "CapitÃ n Sapo: Treasure Tracker will make you fall in love with the level of the mine cart." A free ³ update for the Nintendo Switch version ³ released on February 13, 2019, adding cooperative multiplayer where another player controls a new purple Toad with white dots in the regular caps alongside Toad/Toadette, and Toadette in the DLC Special Episode. â to b "CAPITÃ N SAPO: TREASURE TRACKER 3DS' As in Super Mario 3D World, Captain Toad can also and run, but he can't jump because of his heavy backpack. Retrieved September 24, 2014. The game makes use of Wii U GamePad, GamePad, the player can touch the screen to manipulate platforms, blow on the microphone to activate certain platforms, and use gyroscopic controls to aim turnips while riding mine carts.[4] The game makes use of amiibo: using the Toad amiibo places a "pixel Toad" in levels for Captain Toad to find; other figurines give the player extra lives.[5] In the Nintendo Switch port, the hide-and-seek pixel toad challenges do not require a Toad amiibo to play. ^ Known in Japan as Advance! The player can manipulate the camera to see levels and potentially reveal hidden areas that contain bonus elements. Just like Super Mario Bros. In the final scene of the game, the introduction to the world of Super Mario 3D unfolds, and you see Captain Toad after a green star that falls into the glass pipe. Gonintendo. ^ Roemer, Dan (July 19, 2018). Archived from the original on February 13, 2019. Early development in the development of the world of Super Mario 3D, Nintendo created prototypes of various game ideas, including the idea described as small "diorama-like levels, the player could twist and spin." However, when the team added a character who could jump, they realized that the levels would have to increase in size. ^ GameTrailers Archive (December 25, 2014). In the second chapter of the story, the introductory scene is played again, but this time toadette is kidnapped and the player assumes control of Toadette. Retrieved on 12 August "December 2014 NPD: Captain Sapo sells around 250,000 copies". In the game, players control the captain Sapo, a toad and his pair companion, trying to navigate safely through several obstacles and reach a golden star at the end of Level 3] Completing the original version allows players to see the link between Captain Sapo: Treasure Tracker and Super Mario 3D World, and by saving data from the latter or defeating Treasure Tracker allows players to play four levels of the 3D world as Captain Sapo. American gamer. GamesRadar +. "Famitsu Review Scores 11.4.14 – Feat. It is a spin-off of the Super Mario Series that is based on isometric mini-games starring Captain Sapo of the Super Mario 3D world." Nintendo reveals the first figures and prices of Amiibo, but no release date ". Hardcore Gamer. ^ Ryckert, Dan (December 1, 2014). Retrieved 19 February 2015. Director Shinya Hiratake suggested that Shigeru Miyamoto make a link of Zelda's legend a playable character, but Miyamoto instructed him to choose a different one. However, he discovered that using the controller's gyroscope will cause the camera to "[Spin] out of control as long as [he] moved [his] wrists", and that pagination through the theme menus of the edition to find optional targets. there isn't much time. [29] Dan Ryckert of the Giant Bomb thought that the game was "abundant with fun" and greatly appreciated the value of repetition by finding the three optional super gems in each level, but found the end goal in each repetitive stage and that, even in a Msrp n two-thirds of a full price game, "the offerr [felt] a little thin." He awarded the game three stars out of five. [51] Dermot Creegan of Hardcore Gamer gave the game a 4.5/5 rating, calling it a "charming experience" and praising the level design, creativity and direction of art. ^ Phillips, Tom (July 14, 2014).
