Phil B Sydney, NSW 5 reviews 1 like So disappointed with Bosch. The machine is easy to use and of generally sturdy appearance but makes a terrible clanking noise when spinning up, bounces around and door seals very prone to mildew. Surprised to read here that this seems to be a common issue with this machine. I thought it must be broken but on inspection it has some very weak looking drum stabilisers. Very disappointing and will think twice about buying in future just on your brand name. <http://www.netchem.cn/uploadfiles/fckeditor/20200909/15996254838186.xml>

The dryer plastic cracked, it never dried clothes well worst drier I have ever had. The belt broke any service fees are extortionist and was told wear and tear wasn't covered by extended warranty. The washing machine the powder drawer broke early on there was mold spots which wouldn't come off on the interior door. Now it's had it. It totally won't take in water. I swapped inlet valve tried resetting nothing this happened after it developed a leak recently. I have had enough the most expensive pieces of junk I have ever wasted my money on. Totally disappointing waste of money. Like Share More 1 comment BoschHomeAU S. Bosch Home Appliances 5 years ago Hi Lisa444, Thanks for your review, we appreciate your feedback.
